COMMERCIAL THREE-CAR GARAGE

CALL NOW TO ORDER!

A Commercial Three Car Garage at 18' Wide x 31' Long x 10' High has 558 sq. ft. of storage space. The three 8' x 8' garage doors have been placed on the side, with a 36" x 80" Walk-in door on the front for easy access to your vehicles. Additionally, this building is guaranteed to meet or exceed your county's building codes and loadings.

Quality steel roofing and side wall paneling protect your valuables from sun damage, freezing rain, hail, and snow, and prevents morning frost on your windshield! If your property and climate produce a lot of tree debris, sap, or pollen, this structure will help shield from this damaging and potentially costly exposure. Guaranteed to meet or exceed your county's building codes and loadings.

LAND/CEMENT FOUNDATION MUST BE LEVEL

- Cement should be 1 ft. shorter than roof length.
- Cement must be level and square from corner to corner.
- Return trip fees will apply if building is not installed.

In order to get the highest quality installation, we ask to have the site prepared and ready to go on the day of installation. There should be no electrical wires less than 15 feet above the peak height and confirm no underground utilities will be impacted by the installation process (must be 4' or more beneath the impacted areas for ground installation). Remember, all of our structures come with free installation and free delivery.
