**CLEARANCE DOUBLE WIDE STEEL GARAGE**

**SAVE \$1230 TODAY, CALL NOW!**

This double wide steel garage is perfect for anyone looking for a metal building at a great price. The garage regularly retails for \$5980 or more, but you can save big today with **Elephant Structures**. Building specifications include dimensions of 22' wide x 36' long x 10' tall, a 14 gauge galvanized steel frame, and 29 gauge wall and roof panels. There is one 10' wide x 10' long garage door and one 32" x 72" walk-in door on the front of the building.

If you are looking for a steel garage at a great price, ask about our exclusive factory clearance building kits. These are second quality, 'scratch and dent' DIY kits ready for factory pick up, or to ship direct to your door – call for complete details. Save big on this double wide steel garage today, but hurry, only while supplies last!

### LAND/CEMENT FOUNDATION MUST BE LEVEL

- Cement should be 1 ft. shorter than roof length.
- Cement must be level and square from corner to corner.
- Return trip fees will apply if building is not installed.

In order to get the highest quality installation, we ask to have the site prepared and ready to go on the day of installation. There should be no electrical wires less than 15 feet above the peak height and confirm no underground utilities will be impacted by the installation process (must be 4' or more beneath the impacted areas for ground installation). Remember, all of our structures come with free installation and free delivery.
