**#32343**

**DURABLE STEEL BARN PARTIALLY ENCLOSED**

**CALL NOW TO ORDER!**

Built using only the best materials and designed to last for years, this durable steel barn is an excellent way to securely protect all of your vehicles, tools, and equipment from the threat of severe weather.

Measuring 44' wide by 21' long with a height of 12', this steel barn features more than 900 square feet of storage space. An open design is combined with a securely enclosed area to provide more options to store your items. All of our structures can be designed and certified to withstand severe weather specific to your area.

**44' WIDE x 21' LONG x 12,9' TALL**

**LAND/CEMENT FOUNDATION MUST BE LEVEL**

- Cement should be 1 ft. shorter than roof length.
- Cement must be level and square from corner to corner.
- Return trip fees will apply if building is not installed.

In order to get the highest quality installation, we ask to have the site prepared and ready to go on the day of installation. There should be no electrical wires less than 15 feet above the peak height and confirm no underground utilities will be impacted by the installation process (must be 4' or more beneath the impacted areas for ground installation). Remember, all of our structures come with free installation and free delivery.
